Writing to Learn...During Learning Writing to learn involves much more than just writing down passages from a text or copying what the teacher is writing on the board or overhead during a lecture. Just as we must encourage active thinking while reading, we must help students actively process what they are learning through their writing.

TEACHING KIDS TO WRITE Page 2. With such employees, in other words, a writing class simply won't work, won't have the desired effect. The problem, we suspect, can be traced to that individual's early childhood—a huge gap in that person's education, one that cannot be filled with a single class or even a dozen classes.

## **Teaching Kids to Write**

Writing to Learn 59 study method of underlining. However, because the notetakers spent more time on task than the readers, listeners, and underliners, the question of whether the results were due to some special quality of writing or simply a function of time on task remained unexamined (see Bretzing & Kulhavy, 1979, for a notable exception).
