Has anyone found a permanent fix for the Win10 Edge browser PDF/HTML hijack? I have this issue on my pre-deployment test machines. Every time I set the PDF to open in Adobe Reader, eventually the Edge Browser will take it back.

Permanent fix for Win10 Edge Browser PDF/HTML hijacking

In Windows NT operating systems, a Windows service is a computer program that operates in the background. It is similar in concept to a Unix daemon. A Windows service must conform to the interface rules and protocols of the Service Control Manager, the component responsible for managing Windows services. It is the Services and Controller app, services.exe, that launches all the services and ...
