Herman Miller leather is extremely soft, supple, durable, and resistant. To keep it that way, it's important to care for your leather properly. To maintain the quality of your Herman Miller leather furniture, please follow the cleaning procedures outlined here. Vacuum or dust frequently with a clean, dry cloth.

Leather care and maintenance - Herman Miller

Longevity: With continuous use, leather upholstery outlasts fabric at least 4-to-1, and unlike fabric, leather improves with age. Leather is also resilient and resists fading, tearing and cracking.

Leather Characteristics and Care - contractleathers.com

Leather upholstered furniture should require little or no care under most normal household conditions. It is the most durable and strongest material used for the upholstery of furniture. Although leather is the most durable upholstery material available, leathers will stain or change in character from food and liquid spills, or from body oils.
