Format: PDF, Mobi View: 2218 Download Cities for the many not the few reflects on the development of policy towards cities so far, by asking some of the bigger questions about how we might imagine cities in this new century. The authors question the belief that the future of cities lies in just the knowledge economy.

Manifesto: For the many not the few Chapters 1. Creating an economy that works for all Our economic strategy is about delivering a fairer, more prosperous society for the many, not just the few. We will measure our economic success not by the presence of millionaires, but by the ability of people to make ends meet.

The power of many Section 1: Teams and performance Not every business issue or challenge requires a team-based approach. There are many activities where individuals can complete work more effectively and where teams could slow down progress or lead to suboptimal decisions. But certain problems, and particularly more challenging ones, demand
