Comparison with mass. Matter should not be confused with mass, as the two are not the same in modern physics. Matter is a general term describing any 'physical substance'. By contrast, mass is not a substance but rather a quantitative property of matter and other substances or systems; various types of mass are defined within physics – including but not limited to rest mass, inertial mass ...

A Last Will and Testament is a legal document that details how a person's assets and property will be distributed after their death. Creating a Will as a part of an estate plan ensures the person making the will, known as the Testator, will have their wishes followed and that the people closest to them are taken care of.
